Bedford's crack high school basketball squad invaded Greencastle this afternoon for the contest with the Tiger Cubs this evening at 8 o'clock. The visitors, with their record of 13 victories and only 1 defeat as yet this season, come here boasting one of the best net aggregations in Hoosier hard wood court circles. Their only setback was handed them by the fast Franklin quintet, but two regulars were not in suits when the Stone City outfit lost this tilt.

The game between Coach Ivey's net snipers and Coach Bausman's Purple and Gray basketball team will start at 8 p. m. The DePauw band will furnish music before the contest and between halves. There will only be one contest but this encounter will contain as much excitement as three or four ordinary games.

This afternoon, a special pep chapel was held in the high school auditorium. Yelling was done by classes and the judges were to decide which section did the loudest and best rooting. The winning class will occupy special reserved seats at the game tonight.

TO ADDRESS BANKERS  
A. G. Brown will go to Chicago on January 24, where he will address the meeting of the Indiana Bankers Association.

## State Requires Too Much Time

STILESVILLE BRIDGE HAS BEEN  
UNDER CONSTRUCTION FOR  
MANY MONTHS.

Some idea of how speedy the State Highway Commission is in its reconstruction work, can be obtained by watching the progress of the new bridge being built immediately west of Stilesville.

The road has been closed there for many months and although the detour is nothing, as a temporary bridge was built beside the old one, there is more or less danger on the run-around and so far as can be seen, there appears to be no good reason why the bridge cannot be finished and opened to traffic.

For months, there seems to have been but little progress made on the construction job, and why the state commission will tolerate such slow progress on such an important highway as the National Road, is a mystery. Hundreds of vehicles pass over the run-around daily, and sometimes hourly, and if there is any reason why it should not have been pushed to an early completion, the public is certainly entitled to know the reason.

## FOUR PERISH IN MARYLAND TRAIN CRASH

FAST PENNSYLVANIA PASSENGER  
ER RUNS INTO REAR OF  
FREIGHT TRAIN.

ABERDEEN, Md., Jan. 18. (UP)—Wrecking crews worked hastily today to clear away debris left by a double train wreck in which four Pennsylvania trainmen were killed and two more seriously scalded by steam.

The wreck occurred last night two miles south of here when a northbound passenger train crashed into the rear end of a freight train moving onto a siding.

Hardly had the reverberation of the first collision been silenced when a third train, a southbound passenger train, plowed into the wreckage of the freight, tossed onto the southbound right of way by the first crash. Those killed were:

K. A. Klein, brakeman of the freight train.

V. W. Stewart, freight train flagman.

A. C. Terhune, engineer of the southbound passenger train.

T. J. Kavanaugh, fireman of the southbound passenger train.

None of the passengers was seriously injured. Many were slightly cut or bruised when tossed about in the swaying coaches, among them Fritz Kreisler, famous violinist, who was enroute to Washington.

It was believed that the wreck might have been caused by failure of Terhune to see a signal set against him because of a heavy fog.

Lambs were about a quarter higher.

## BANK PROBE IS CONTINUED

A further investigation into the death of Edgar Maples, Vice-president of the National Bank here, whose body was found by an assistant cashier, lying in a pool of blood with a revolver, the property of the bank lying near by with one shot fired, revealed that the slain man had received a "mysterious call" the night previous to the day that his body was found.

## INCOME TAX AMENDMENT INTRODUCED

FARM FOSTERED INCOME TAX  
AMENDMENT IS AGAIN  
PRESENTED.

INDIANAPOLIS, Jan. 18. (UP)—With an approving pat from the Senate's committee on constitutional revision, the farm-fostered state income tax amendment was started on its way toward a special election today.

Giving the Indiana General Assembly authority to levy an income tax in the state, the proposed amendment was ratified by the 1927 legislature and requires second ratification by the present session before being submitted to the electorate.

Farmers, especially the Indiana Farm Bureau Federation, want the election this fall, which explains their eagerness to win prompt ratification by the legislature so that a bill calling for the special election may be introduced.

"Because the amendments must have a majority of the votes cast at an election," said William H. Settle, Farm Bureau president, "we do not wish to have the income tax amendment submitted at a regular election."

A second constitutional amendment approved by the 1927 Assembly requires ratification this year before going to the voters. It would give the Assembly authority to prescribe qualifications for admission to the bar.

After a meeting of the constitutional revision committee, Senator William F. Hodges, of Gary, announced he would submit a minority report favoring passage of the bar amendment. The majority report favors indefinite postponement of the measure which is sponsored by the Indiana State Bar Association.

WITH RASKOB.

It was said Smith would form no other business connections until his return from Florida about a month hence. Kenny, Raskob and Smith will leave for Florida Sunday.

The County Trust Company opened in February, 1926, with Smith as the first depositor.

## WILL SNODDY WRITES AGAIN ON RED BUCK

FORMER PUTNAM MAN SENDS  
INTERESTING LETTER TO  
W. A. KREIGH.

WAS NOTED RACING HORSE

Oldtime Sportsman, Now Living in  
Kansas, Gives Some More Facts  
About Famous Racer.

W. A. Kreigh has received another letter from Will Snoddy, former Putnam county resident and oldtime sportsman, in which are some more interesting facts regarding old Red Buck, one of the best racing horses of all time. The letter follows:

Emporia, Kan., Jan. 1, 1929.  
Mr. Will Kreigh,  
Greencastle, Ind.

Dear Old Friend:  
Your letter containing the interview of G. E. Black received and it was interesting and amusing.

Do you know that I got a great big kick out of this simply because it is the same old ground that I covered more than fifty years ago when I was delegated by J. N. Randall, editor of the Western Horseman and the Spirit of the Turf, published at Chicago by Mr. Duntun, to establish the breeding of Red Buck. Those same fairy stories about the gypsies were being told and it was very necessary that his true breeding should be established. And as I was the correspondent for those papers I was naturally put on the job.

After I had worked everything out to my satisfaction and before I submitted my report to the journals, I went to Greencastle and put my final report up to Dr. Mowdy, who was living just east of town as I remember, on the north side of the road. He and his daughter, Ida, went carefully over it and he gave me an O. K. and seemed much pleased with the report. I then went to Stilesville and again interviewed Richard Arnold and he said it was correct as far as he was concerned in the transaction. Then I went to a little town about three or four miles south of Eminence, called Shansville or Elaska. There I saw Dr. McAlister.

The Doctor was not in the best of humor. He said he was getting tired of the whole business and thought that I should not tell about his escapades as a foolish boy. In trying to show what kind of a horse was the sire of Red Buck I recited an incident where the Doctor had put on one of his demonstrations at Mt. Meridian, where he paced Copper Bottom over a salt barrel without making a break. This he objected to. But after I agreed to put on the soft peddle where I could, he gave me his approval.

As my mission was only to establish the breeding of Red Buck my work ended there. But Mr. Duntun, editor of the Spirit of the Turf, was so interested that he took the matter up and visited Ham and Hick Jackson at Plainfield and wrote an article which was published in most of the horse papers in which he gave the date of Red Buck's death and further, said that Ham Jackson had had the horse mounted and he was now standing in Jackson's office at Plainfield.

The trouble with our Greencastle friends is, they don't go back far enough. They are honest in their belief, but they are talking about sons of Red Buck.

In the case of Mr. Hanna, where he saw Red Buck and Blue Bull pace a race at Russellville. Now, I think I saw that race myself. I reported a race at Russellville in 1877, and Hyman Buck, a son of Red Buck, paced against Black Frank, and another place in the interview where Mr. Farrow speaks of Three Corners being by Red Buck. Three Corners was by Hyman Buck by Red Buck and Sam Hyman came west with him and raced him here in Emporia.

They have to get back about twenty years. They speak of Rowdy Boy. Yes, Rowdy Boy was a good pacer, and I had the pleasure of reporting many of his races. But that was not back in Red Buck's time. And if Johnny Wade ever drove Rowdy Boy it was after I came west. Charles Forth of Evermills, was always up behind him in all his races I reported and the last one was at Chicago, Sept. 18 and 19, 1879. (Please find score card enclosed and you will see that Forth was up.)

I see farther down in the article that Sam Garner of Russellville owned Red Buck. Yes, that is so. But it happened to be Hyman Red Buck, not the founder of that family, but a good son. Mel McHaffie had a Red Buck, the sire, Frank Sanders 2:18 1-4 and he also was a son of the old Red Buck. So you see those were sons

and grandsons that were racing then.

If Mr. Hanna has a picture of Red Buck taken in 1874 it was taken in Plainfield where the grand old horse was standing in Ham Jackson's office and had been for several years.

I am 77 years old and have been playing the game since 1871 and I must confess that I never had the pleasure of seeing the founder of that great family. You will see in score card where Rowdy Boy, Mattie Hunter and Sleepy Tom paced the unfinished pacing race in Chicago in 1872. Well Sleepy Tom was a sorrel old at that time and he was a grandson of Red Buck and Sorrel Dan, spoken of in the clipping was also a grandson of Red Buck.

Sorrel Dan was in Mr. H. V. Bee-miser's stable of Chicago when I sold him to Fred Douglas during the second heat of the race on the enclosed program for the sum of \$5,000.00. Douglas won in straight heats and in the fastest time ever trotted in a 2.50 class at that time 2:25 1-4, 2:25 1-2, 2:25 1-4. He had won the 3:00 minute class two days before in exactly the same time. Well I wish you would step to the phone and call some of those good old sports that have seen Blue Bull race and ask them what color he was and if they can tell draw on me for a box of the best cigars in your town and present it to the man that can tell.

I sure have enjoyed this friendly bout with those old sports. But I know it has been disgusting to the editor of the Banner and also to its many readers. Don't you know Will, that there is something in the race horse business that when you get to talking about it your old blood warms up and begins to tingle. I would sure like to meet those old boys outside of the Banner office and trot and pace those old races over.

Give my best wishes to all of them and don't forget Jim Bryan, who was generally on hand showing his father's shorthorns at the county fairs.

Jim could sure put on a parade.

—WILL A. SNODDY.

PRESIDENT-ELECT TO RELAX AT  
J. C. PENNEY HOME IN  
MIAMI

CELEBRATION IS PLANNED

Citizens Of Florida City To Extend  
Enthusiastic Southern Welcome  
To Mr. Hoover.

WASHINGTON, Jan. 18. (UP)—President-elect Hoover will leave here Monday at 10:30 a. m. for Florida on a special train of the Atlantic coast line which is due to reach Miami Beach about 1:00 p. m. Tuesday, it was announced at his headquarters today.

Hoover has been advised that a celebration is planned for his arrival. The President-elect will rest at the Florida estate of J. C. Penney, chain store magnate. He is expected to return shortly after the middle of February for parties and conferences before his inauguration.

Hoover was urged by Senator Shortridge, Repn., Calif., today to call Congress into session as early as April 1. Shortridge said the President-elect was favorable to this provided committees which will meet before hand are ready to report legislation for the consideration of Congress by that date.

The President-elect breakfasted today with Secretary of Agriculture Jardine, who, it is rumored, may be retained at his post by Hoover. Farm sentiment toward Jardine, once hostile, is reported to have changed in his favor recently.

The President-elect discussed briefly with Representative Bacon, Republican, New York, the party situation in that state, touching, it is understood also, on the controversy raised by friends of William H. Hill, campaign chairman of the New York Hoover-Curtis committee over a share in patronage for Hill with Charles D. Hill, Republican national chairman.

President-elect Hoover's voice will be carried across the Atlantic Saturday to Belgium, scene of his war activities, in a message to the people of that country who will hold a celebration in honor of Hoover's election to the presidency.

## Tonight's the Night!

SEAT BEDFORD!

BATTER BEDFORD!

BRUISE BEDFORD!

JUST BEDFORD!

BOUNCE BEDFORD!

BREAK BEDFORD!

HITE BEDFORD!

LEACH BEDFORD!

LOCK BEDFORD!

LUMP BEDFORD!

That's just about all the words we can think of at present to describe just what we want Bausman's Tiger Cubs to do to the Stone City quintet this evening.

Let's go, gang! Hang the old Indian on the ivy men!

There early or you won't get a chance to see the action. Indiana's premier basketball team furnish the opposition for the Greencastle high school netters tonight. A genuine "battle of the century" and all that sort of thing, it is!

The American Legion at Bedford installed a special telephone wire to the gymnasium to send a play-by-play account of the struggle to the back home. A large number of fans accompanied the Bedford team to the city for the fray and they will have plenty of noise.

Victory over the Stone City crew put the Cubs right up among the leaders. Here's hoping, boys!

Music and everything tonight—DePauw band will be at the game in full force.

Will sure be a great evening of basketball, especially if the Purple Gray basketballers are "on".

Are we excited? We'll say so, and we hope you are too. The high school officials are expecting a record crowd of the season tonight. All we can say is, Bedford's squad of drapery agitators will should draw a capacity throng.

Miller, Todd, Self, Krutch, and Reath—these are the boys that the Cubs will have to fight, and it will be a battle royal!

The contest starts at 8 p. m. Eyes all fans in Hoosierdom are centered this way. Make a lasting reputation for the Tiger Cubs!

Of course, Greencastle fans hope for an upset, a victory over Bedford. If you don't win, at least put your best brand of ball, Cubs, and visitors emerge triumphant, go with colors flying, fellows! Never, we all want you to win! There is no such thing as dope any more—anything can happen in basketball.

Another thing—the Bedford tilt is the only tussle this week for the Stone City snipers. Attica comes Saturday night and when we say the Red Ramblers have been improving the past few weeks, we mean improving.

So tough games in two nights, waiting to see if you have the stamina and punch that it takes to produce champions in any of sports, Tiger Cubs.

Personally, we believe the visitors are over-confident. Get the jump on them, Cubs. Everything is in your hands—playing on your home floor before your home town boosters.

HEY! HEY! MAKE MUCH "WHOOPEE" TONIGHT

Bausman's warriors will have to present an air-tight defense if they intend to stop the Bedford attack. The Stone City outfit has a deceptive bouncing pass that the Cubs will have to watch. And also, the visitors are athletic huskies.

It is rumored that the Cubs will appear in brand new suits tonight. We hope this is a good luck omen.

In replying to our invitation, Louie Huff, editor of "Hoop State" in the Bedford Daily Mail, says:

Thanks, Jimmie, we'll be there and all we ask is that you and your Tiger Cubs not plan a reception for us that will be so warm as to be uncomfortable. We've seen Tobin, Brown and a few of the other boys play before but we'd like to see the 1929 edition of that Bausman bunch in action.

But now to get down to business and that Greencastle game Friday night. They've got a lot of respect for Bedford's Stonecutters up at that little college town but they also have a basketball team that takes them as they come, big or small, and seem to like to meet the big ones like Bedford, Martinsville, Vincennes, etc.—Bedford Daily Mail.

## Boost the Cubs!

## TIGERS LOSE 42-31 BATTLE TO FRANKLIN

## EARLY LEAD WINS GAME FOR STELLAR BAPTIST NET AGGREGATION.

## DEPAUW ALWAYS BEHIND

Grabbing an early lead, the Franklin College basketball team, headed by its star floor guard Montgomery, drubbed DePauw, 42 to 31, over on the Franklin floor Thursday night.

It was twelve minutes in the first half before DePauw secured a field goal and Franklin was leading, 15 to 2, when Stone got loose behind the Baptist defense and dribbled in for a goal. Montgomery and Henderson were strong on defense and "Monty" was the offensive star of the game with seven field goals and a free throw to his credit.

Franklin's ability to penetrate under the DePauw basket with a passing attack netted many easy shots. The statistics of the game show that DePauw had the greater number of shots but were rushed.

Freeman of Franklin went out on personals at the start of the second half and Loveless, DePauw captain, followed him.

With eight minutes to play, Franklin was leading by a scant four point margin, 31 to 27, when Henderson, back guard, slipped under for a field goal.

The DePauw reserves defeated the Franklin reserves in the preliminary game, 33 to 28. DePauw led, 16 to 13 at the half.

## "Konjola Restored My Health", Says Happy Gary Man

Nervousness Yields To Master Medicine; Kidneys Strengthened And Invigorated; Indorses It To All.

MR. WILLIAM J. MARSDEN

"It was through the merits of this new Konjola that I am again enjoying perfect health and I want to publicly recommend it so that all sufferers will gain the same benefits that I did," said Mr. William J. Marsden, 541 Rhode Island street, Gary, Ind. "Both my kidneys and nerves caused me intense trouble and I was never able to find anything to relieve the suffering. Sound sleep was out of the question. Back pains made life miserable. The slightest noise upset me so that life became almost unbearable. Indeed, it was a discouraging situation. "Then I started the Konjola treatment and today I am a well and happy man. My kidneys have been strengthened so that I don't have to rise a single time during the night. My back is free of pains and I have more energy to do my work. Konjola also quieted and soothed my nerves so that they don't bother me any more. All in all, Konjola was what I always needed and I indorse it to everyone."

Konjola is sold in Greencastle at the Owl drug store, and by all the best druggists in all towns throughout this entire section. —(Adv.)

## Influenza Much Milder This Year Than In 1918

But Vicks Laboratories Again Operating Night and Day to Supply Record-Making Demand.

Although the type of flu this year is not so serious as in 1918, health authorities are urging everybody to treat even the slightest cold at the start, as colds lower the resistance and make the body an easy prey to bronchitis or pneumonia. An interesting response to this warning has been the phenomenal call for Vicks VapoRub, the external treatment which proved so helpful in the 1918 epidemic.

In spite of vastly increased capacity, the Vicks laboratories are once more operating all night long and are now producing 375,000 jars daily. A substantial part of this increase is attributed to the widespread use of Vicks as a preventive.

## A SCIENTIFIC VICTORY

STEUBENVILLE, O., Jan. 18. — The spark of life glowed brighter today in a baby boy born to Mrs. Frank Giannamore, just after she died of wounds inflicted by her father-in-law, after a family dispute.

Reports from the hospital were that the baby was "doing fine, even cooing a little." It will live doctors said. "If the child lives, medical science has won," said Dr. Diloreta, the operating surgeon.

"We knew as soon as the mother was brought to the hospital yesterday there was no possibility of saving her. There was a chance for the baby. We took that chance—and we have won," he said.

Frank Giannamore, father of the boy and whose own father, Vincenzo Giannamore, carried out the triple tragedy of killing Frank's wife, his own wife and himself, was under care of physicians today, recovering from a collapse suffered last night when informed of the tragedy.

**WATER HAS ODD TASTE** VINCENNES, Jan. 18 (UP)—The "taste" in the water supply of the local water company is not caused by chlorine, which is used to purify the fluid, according to Harry Watts, manager of the concern. Watts said the company was endeavoring to get the "taste" out of the water, which he believed came from some minute organism in the water which was throwing off an oily discharge.

The manager of the local water company said that factories at Terre Haute and other surrounding cities were being checked in an effort to locate the "taste." He said that he had the cooperation of Health Board authorities.

"The 'taste' is merely disagreeable and not harmful," he announced.
